

**Bangladesh Fisheries Research Institute**  
**Marine Fisheries & Technology Station, Cox's Bazar**  
**Training Conducted at MFTS, BFRI, Cox's bazaar during 2006 to 2015**

<b>Year/Month</b>	<b>Training Subject</b>	<b>Time (day)</b>	<b>Participants nos. and type</b>	<b>Origin of money</b>
2006/Nov	Identification of shrimp disease and prevention and control technology	28-30	25 (Fisherman)	Establishment of Shrimp Research Station Project
2006/Dec	Improved culture technology of Shrimp and there Stocking and feed management	05-07	25	-do-
2006/Dec	Brackish water semi intensive farming system of Shrimp	26-28	25	-do-
2007/Jan	Semi-intensive culture of Brackish water shrimp	08-10	25	-do-
2007/Feb	Use of antibiotic in shrimp feed and there effect on consumer	11-13	25	-do-
2007/Feb	The system of quality dry fish production through solar drier technique	26-28	30	-do-
2007/March	Culture of Pangas and Gift Tilapia in slightly saline water of coast	04-06	30	-do-
2007/April	Biodiversity of Sea turtle, King Crab and Whale Shark and there preservation	25	40	-do-
2007/April	Biodiversity of Sea turtle, King Crab and Whale Shark and there preservation	26	40	-do-
2007/May	Culture of Pangas and Gift Tilapia in slightly saline water of coast	29-31	30	-do-
2007/June	Training on Shrimp disease and there health management	02-03	30	-do-
2007/June	Biodiversity of Sea turtle, King Crab and Whale Shark and there preservation	04	40	-do-
2007/June	Biodiversity of Sea turtle, King Crab and Whale Shark and there preservation	05	40	-do-
2007/June	Biodiversity of Sea turtle, King Crab and Whale Shark and there preservation	12	40	-do-
2007/june	Biodiversity of Sea turtle, King Crab and Whale Shark	13	40	-do-

	and there preservation			
2007/June	Training on Shrimp disease and there health management	16-17	30	-do-
2007/June	A Training on ESNB BFRI Model and sea fisheries resource management	18-19	25	-do-
2007/June	A Training on ESNB BFRI Model and sea fisheries resource management	20-21	25	-do-
2007/June	A training on use of emergency solar drier for the production of quality dry fish	23-24	30	-do-
2007/June	Biodiversity of Sea turtle, King Crab and Whale Shark and there preservation	25	42	-do-
2007/June	Biodiversity of Sea turtle, King Crab and Whale Shark and there preservation	26	42	-do-
2007/Sept	A Training on Post harvest management of Shrimp and Quality development	08-10	25	-do-
<b>Year/Month</b>	<b>Training Subject</b>	<b>Time (day)</b>	<b>Participants nos. and type</b>	<b>Origin of money</b>
2008/Jan	Improved transportation and handling technique of shrimps	05-07	25	-do-
2008/Feb	Shrimp disease and health management	11-12	30	BARC
2008/June	A training on use of emergency solar drier for the production of quality dry fish	04-05	30	Establishment of Shrimp Research Station Project
2008/June	A Training on ESNB BFRI Model and sea fisheries resource management	21-22	25	-do-
2008/June	A Training on ESNB BFRI Model and sea fisheries resource management	23-24	25	-do-
2009/Jan	Environment Friendly Shrimp Cultivation and there health management	26-28	30	-do-
2009/May	A Training on Marine ESNB BFRI model and its effect on marine fish resource management	24-25	25	-do-
2009/May	A Training on Marine ESNB BFRI model and its effect on marine fish resource management	26-27	25	-do-

2009/May	A training on use of emergency solar drier for the production of quality dry fish	28-29	30	-do-
2009/June	A Training on Shrimp disease and health management	25	25	-do-
2009/June	A training on use of emergency solar drier for the production of quality dry fish	28-30	25	Revenue
2009/Dec	A Training on Marine ESNB BFRI model and its effect on marine fish resource management	23-24	25	BARC
2009/Dec	A Training on Marine ESNB BFRI model and its effect on marine fish resource management	25-26	25	-do-
<b>Year/Month</b>	<b>Training Subject</b>	<b>Time (day)</b>	<b>Participants nos. and type</b>	<b>Origin of money</b>
2010/Feb	Stocking density and feed management in improved traditional shrimp farming	23-25	25	Establishment of Shrimp Research Station Project
2010/March	Semi-intensive farming of brackish water shrimp	06-08	25	-do-
2010/(March-April)	Environment friendly shrimp farming and there health management	30-01	30	-do-
2010/April	Culture of Pangas and Gift Tilapia in slightly saline water of coast	06-08	30	ATTP
2010/April	A Training on Marine ESNB BFRI model and its effect on marine fish resource management	20-21	25	BARC
2010/April	A Training on Marine ESNB BFRI model and its effect on marine fish resource management	29-30	25	-do-
2010/June	A training on use of emergency solar drier for the production of quality dry fish	07-08	25	-do-
2010/June	A training on use of emergency solar drier for the production of quality dry fish	09-10	25	-do-
2010/June	A training on use of emergency solar drier for the production of quality dry fish	13-14	25	-do-
2010/June	A training on use of emergency solar drier for the production of quality dry fish	15-16	25	-do-

2010/June	Environment friendly shrimp farming and there health management	20-22	30	BARC
2010/June	Environment friendly shrimp farming and there health management	23-25	30	Revenue
2010/June	Yearly Culture of environment friendly shrimp and fish in coastal areas	26-28	30	BARC
2010/June	A training on Shrimp disease and health management	29-30	30	Aqua drugs project
2010/Dec	Semi intensive farming of shrimp	07-09	25	Establishment of Shrimp Research Station Project
<b>Year/Month</b>	<b>Training Subject</b>	<b>Time (day)</b>	<b>Participants nos. and type</b>	<b>Origin of money</b>
2011/Feb	Intensive farming system of Shrimp	01-03	25	Establishment of Shrimp Research Station Project
2011/March	Rice cum fish culture	06-08	25	-do-
2011/March	Rice cum fish culture	14-16	25	-do-
2011/April	Chemical free semi intensive shrimp farming system	17-19	40	Aqua drugs project
2011/April	Water and soil quality for environment friendly shrimp farming	24-26	40	-do-
2011/May	Create awareness among fisherman about oceanic fish management and conservation	14-15	30	BOBLME project
2011/May	Use of BFRI fish dryer for the production of healthy and quality dry fish	23-24	30	Revenue
2011/May	Use of ESBN BFRI Model and its effect on sea fisheries resource management	25-26	30	-do-
2011/May	Create awareness among fisherman about oceanic fish management and conservation	28-29	30	BOBLME project
2011/June	A training on use of emergency solar drier for the production of quality dry fish	11-13	30	BARC

2011/June	A Training on ESNB BFRI Model and sea fisheries resource management	14-16	30	-do-
2011/June	A training on best fish culture management for better fish production	23-25	40	Aqua drugs project
2011/June	Effect of chemical on fish culture	23-25	40	Aqua drugs project
2011/June	Rules of EU and USFDA for safe fish and shrimp culture	26-28	40	-do-
2011/June	Live feed culture management on shrimp farming	26-28	40	-do-
2011/June	Chemicals and drugs origin, kind,use, and effect on environment used in fish sector in Coxsbazar region	30	50	Aqua drugs project
<b>Year/Month</b>	<b>Training Subject</b>	<b>Time (day)</b>	<b>Participants nos. and type</b>	<b>Origin of money</b>
2012/March	Environment friendly shrimp farming and health management	06-08	35	Revenue
2012/April	Use of BFRI fish dryer For the production of healthy and quality dry fish	08-09	25	-do-
2012/April	Use of BFRI fish dryer For the production of healthy and quality dry fish	10-11	25	-do-
2012/April	Create awareness among fisherman about oceanic fish management and conservation	27-28	30	BOBLME project
2012/April	Create awareness among fisherman about oceanic fish management and conservation	29-30	30	-do-
2012/May	A training on create awareness among fisherman for conservation and management of shark	02-03	25	Revenue
2012/May	Fish and Shrimp disease control and prevention system	12-14	25	Aqua drugs project
2012/May	Rules of EU and USFDA for safe fish and shrimp culture	15-17	25	Aqua drugs project
2012/May	A training on create awareness among fisherman for conservation and management of shark	26-27	25	Revenue
2012/June	Create awareness among coastal fisherman about oceanic fish management and conservation	11-12	25	BOBLME project

2012/June	Create awareness among coastal fisherman about oceanic fish management and conservation	18-19	25	-do-
2012/November	Create awareness among coastal fisherman about oceanic fish management and conservation	17-18	30	-do-
2012/November	Create awareness among fisherman about oceanic fish management and conservation	26-27	30	-do-
<b>Year/Month</b>	<b>Training Subject</b>	<b>Time (day)</b>	<b>Participants nos. and type</b>	<b>Origin of money</b>
2013/February	A training on create awareness among fisherman for conservation and management of shark	16-17	30	BOBLME project
2013/March	A training on create awareness among fisherman for conservation and management of shark	24-25	30	BOBLME project
2013/April	Use of BFRI fish dryer For the production of healthy and quality dry fish	06-07	25	BFRI fish dryer project
2013/May	Create Awareness among coastal fisherman about Illish management and conservation	06-07	30	BOBLME project
2013/May	Use of BFRI fish dryer For the production of healthy and quality dry fish	08-09	25	BFRI fish dryer project
2013/May	Create Awareness among coastal fisherman about Illish management and conservation	14-15	30	BOBLME project
2013/June	Identification of fish and shrimp disease and their prevention and control	06-08	20	Aqua drugs project
2013/June	Effect of harmful net for harvesting of fish in Bay of Bengal and its prevention	09-10	30	Revenue
2013/June	Microorganism of aquatic environment and their important in fish culture	18-20	20	Aqua drugs project
2013/June	Environment friendly fish and shrimp culture and quality fish and shrimp production	27-29	20	-do-
2013/December	Soil and water quality for environment friendly fish and shrimp culture	22-24	30	-do-
<b>Year/Month</b>	<b>Training Subject</b>	<b>Time (day)</b>	<b>Participants nos. and type</b>	<b>Origin of money</b>

2014/ January	Best fish culture management for higher fish production	26-28	20	Aqua drugs project
2014/February	Create awareness among coastal fisherman about oceanic fish management and conservation	27-28	30	BOBLME project
2014/March	Best fish culture management for higher fish production	04-06	20	Aqua drugs project
2014/March	Create awareness among coastal fisherman about oceanic fish management and conservation	14-15	30	BOBLME project
2014/ March	Effect of aqua drugs on fisheries biodiversity	16-18	30	Aqua drugs project
2014/April	A training on create awareness among fisherman for conservation and management of shark	21-22	30	BOBLME project
2014/May	Production of dry fish in improved traditional system by BFRI fish dryer	06-07	25	Revenue
2014/May	Identification of fish and shrimp disease and their prevention and control	24-26	20	Aqua drugs project
2014/May	A training on create awareness among fisherman for conservation and management of shark	25-26	30	BOBLME project
2014/June	Identification of fish and shrimp disease and their prevention and control	08-10	20	Aqua drugs project
2014/June	Create Awareness among coastal fisherman about Illish management and conservation	11-12	30	BOBLME project
2014/June	Production of dry fish in improved traditional system by BFRI fish dryer	23-24	25	Revenue
2014/June	Create Awareness among coastal fisherman about Illish management and conservation	28-29	30	BOBLME project
<b>Year/Month</b>	<b>Training Subject</b>	<b>Time (day)</b>	<b>Participants nos. and type</b>	<b>Origin of money</b>
2015/June	BFRI originated improved fish culture Practice	08-09	30	Revenue
2015/June	A training on improved shrimp culture and disease management in Coxsbazar region	24-25	30	Aqua drugs project
2015/June	Fish conservation and improved technique of fish and fisheries product production	27-28	30	Aqua drugs project
